**START POSITION:** All strings, firearm loaded to division, at low ready.

**SCENARIO:** You are under attack and the only escape is to your left.

**STRING 1:** At signal, engage T1-T2 from P1 with 2 rounds each. Letting go of popper activates mover T1.

**String 2:** At signal engage T3-T4 from P2 with 2 rounds each. Pressure plate at P2 activates charger T4.

**String 3:** At signal, engage T5-T6 from P3 with 2 rounds each. Steel behind T5 activates swinger T6.

**SO/SETUP NOTES:** Popper at P1 starts at an angle so that when it is released it falls up-range and releases the swinger T1. When released, T1 immediately moves behind the NT such that only the minimum amount of head allowable is visible.

**TARGETS:** 6 IDPA, 2 NT

**SCORED HITS:** Best 2 on paper

**START-STOP:** Audible – Last shot

**PENALTIES:** Per IDPA rules
