PROCEDURE: All targets get 3 rounds each in each string.

Firearm holstered, ammo carriers on body. On the buzzer, engage T3-T4 with the strong hand only. Shooter must keep in contact with the non-threat using their support hand.

String 3: Almost out now but you managed to get wounded in your strong hand (yea, and your spouse is still in the way). Standing at P4, ammo carriers on body. Firearm in support hand pointing at a 45 degree angle to the berm. On the buzzer, engage T1-T2 with the support hand only.
